New, revised edition (2022)

Published by The Maud Powell Society
for Music and Education

Maud Powell, Pioneer American Violinist

New, Revised Biography

Karen A. Shaffer

“It has been a while since I last read the first edition, but this has made me fall in love with Maud all over again. I’m impressed once again with your lovely, evocative writing style throughout. . . . I also appreciate the wealth of information about the history of music, of violin playing, of instruments, of European and American culture, etc. that is folded into the story. . . . You are protecting all that firsthand, eye witness information from slipping through the cracks of dusty history to oblivion, and brought it all into a powerful, coherent whole.”

— **Rhonda B. Frascotti, concert violinist**
